#### **Pajarito Construction Activities**

# John Bretzke, Deputy Associate Director Project Management & Site Services, LANL June 16, 2010

LA-UR-10-04023

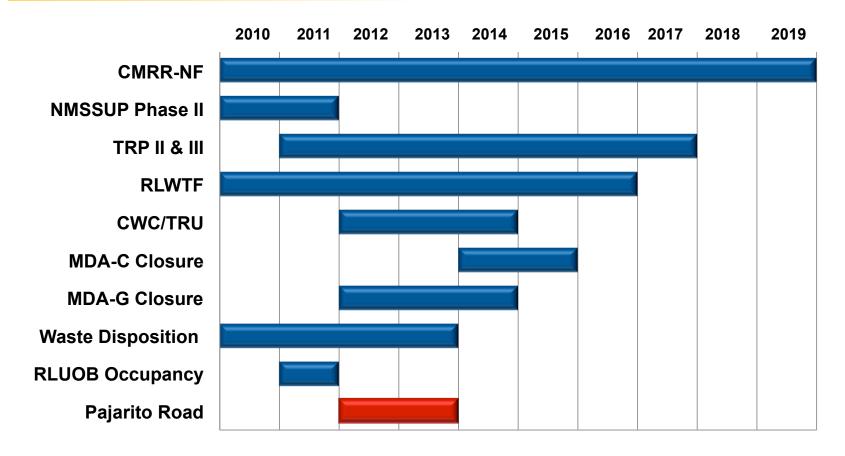

## **Construction Forum Objectives**

- Share/apprise the public about LANL planned schedule for construction projects along the Pajarito Corridor for the next ten years
- Share that the public understands constraints, which can change LANL's planning
  - Federal budget process
- Share LANL's challenges with implementing its planned construction program on the Pajarito Corridor

#### **Major Projects Near Concurrent Activities**

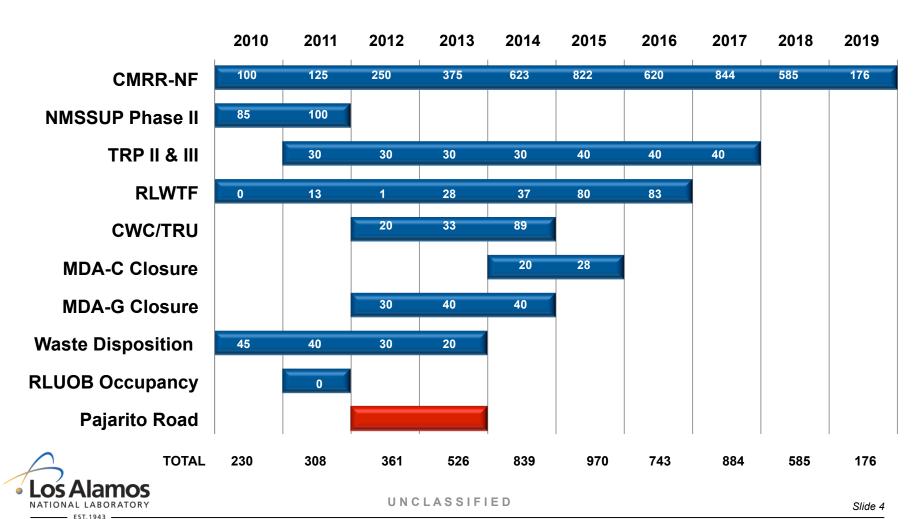

UNCLASSIFIED

#### **Project Construction Craft Personnel**

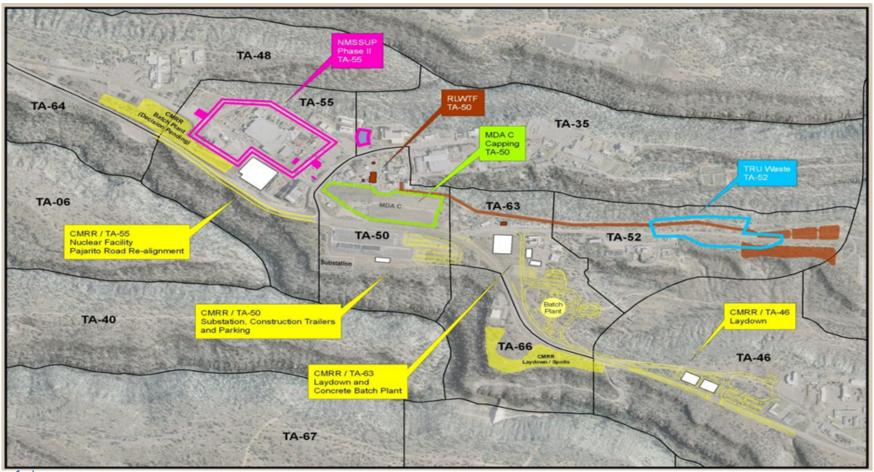

### **Construction Personnel Projections**

- Peak construction crafts will exceed 900 in 2015
- Support services will be relatively constant over project at 150-200
- Engineering and design resources will be heaviest at the start of the project and will be mostly off-site
- Startup and operations personnel will be relatively small as compared to other resources and will reach a maximum of about 100 at the end of construction

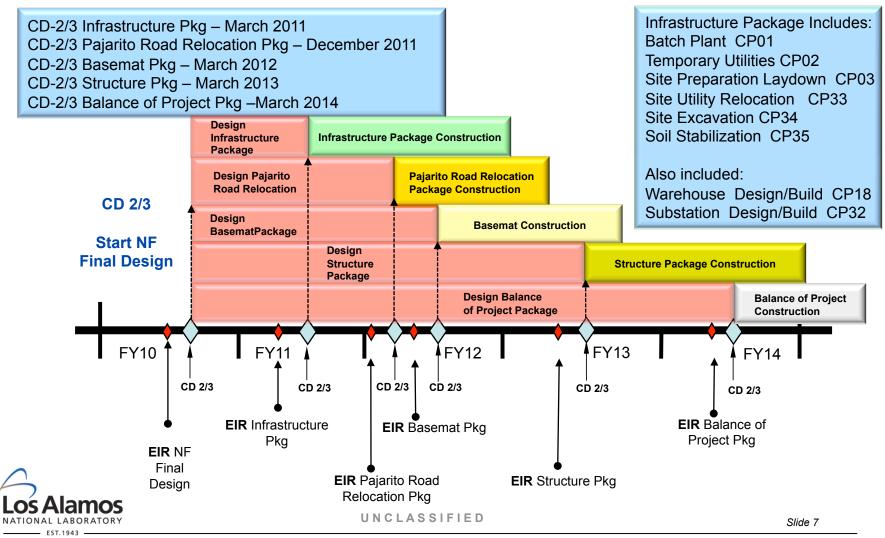

## **Construction Project Layout**

UNCLASSIFIED

## **CMRR Nuclear Facility Baselines**

#### **Projected CMRR Procurement RFP Issue Dates**

Temporary Utilities —Mid 2011

NF Site Utilities Relocation —Mid 2011

NF Site Excavation and Storm Pond –Mid 2011

NF Construction Offices —Mid 2011

Elevators –Late 2011

Concrete Batch Plant —Mid 2012

Site Preparation —Early 2012

NF Warehouse Design/Build —Mid 2012

NF Craft Building —Mid 2012

NF Parking Lot —Mid 2012

NF Pajarito Road Relocation —Mid 2012

#### **Studies**

- National Environmental Policy Act (NEPA)
- Utility planning
- Traffic studies
- Site selection for parking and truck inspection facilities
- Institutional impacts during construction
